

# Krutarth Raval

Front-End Developer | React.js | Beginner MERN Stack  
@ [ravalkrutarth95@gmail.com](mailto:ravalkrutarth95@gmail.com) [Linkedin](#) [Ahmedabad - Gujarat](#)

## SUMMARY

Front-End Developer experienced in React.js, JavaScript, and Tailwind CSS, focused on building responsive and user-friendly interfaces. Skilled in API integration, reusable component development, and performance optimization. Familiar with the MERN stack and exploring Next.js to advance front-end capabilities. Dedicated to clean, maintainable code and contributing effectively to engineering teams.

## SKILLS

**Front-End:** React.js, Modern JavaScript (ES6+), Tailwind CSS, HTML5/CSS3, Responsive Design  
**Full Stack (Beginner):** Node.js, Express.js, MongoDB, RESTful APIs  
**Frameworks:** React Router, Next.js, Framer Motion  
**Tools:** Git, GitHub, VS Code, Cursor IDE, Chrome DevTools  
**Core Strengths:** Clean Code, UI Performance Optimization, Rapid Learning

## EXPERIENCE

### React.js Developer | *NotionMind*

1/11/2024 - 30/4/2025 | Ahmedabad-Gujarat

- Built and optimized modular React.js components to improve performance and maintainability.
- Integrated REST APIs and implemented navigation using React Router.
- Collaborated with designers to develop responsive, accessible UI layouts with Tailwind CSS.

## PROJECTS

### Portfolio Website — React.js, Tailwind CSS, Framer Motion

A minimal and responsive personal portfolio highlighting skills, projects, and contact details, featuring clean design and subtle animations. [Live Demo](#) [GitHub](#)

### Task Manager - MERN

A full-stack MERN Task Manager with task creation, editing, priority, due dates, status tracking and user authentication. [GitHub](#)

### Notely - Next.js | Shadecn

A fast and minimal note-taking web app where users can create, edit, organize, and manage their daily notes. Designed with a clean interface, smooth user experience, and quick access to important ideas. [Live Demo](#) [GitHub](#)
